

HOW TASHUA KNOLLS GOLF CLUB TOURNAMENTS OPERATE

There are several types of tournaments the club operates. Each type is described below. However, another type may be added, in which case its details will be posted on the men's locker room and/or the porch bulletin boards at the clubhouse. There is a tournament each weekend of the season except the one weekend of the Town Tournament.

“BOARD” TOURNAMENTS:

Each BOARD tournament is open to all registered members of the club without payment of any entry fee. There are usually 12-13 BOARDS each season. Each member may play in each BOARD of each weekend, but he may play only one day of each event. He must declare which day, Saturday or Sunday, he wishes to compete before hitting his first shot by signing up on the tournament sign-up sheet posted at the clubhouse. Upon signing up, he must also register which flight he is playing in. There are GROSS and NET flights. Failure to sign up before his first shot makes him ineligible for that day's play. Awards are funded from member dues already paid. Players are required to obtain their own rack time, and must play with another member who must attest the player's score.

“SPECIAL EVENT” PAY TOURNAMENTS:

For special tournaments such as on Memorial Day and Labor Day weekends, Fourth of July, Scrambles, etc. an entry fee is required. This is usually \$3 per player. Both GROSS and NET awards are made in accordance with the format of the particular tournament. These tournaments are usually individual day tournaments so there may be two on a weekend, or three on a long weekend. A member may then participate once, twice, or three times in one weekend. All entry fees received are returned as awards for the tournament. Players are required to obtain their own rack time, and must play with another member who must attest the player's score.

“MAJORS” TOURNAMENTS:

There are six tournaments the club normally has reserved times for play. They are:

President's Cup	One Day Member/Guest	One Day Member/Member
Columbus Cup	Club Championship	Two Day Member/Member

The President's Cup (two man team), Columbus Cup (two man team), and Club Championship (individual player) tournaments are elimination match play tournaments. All of the Member/Guest and Member/Member tournaments are two man team format, usually competing in GROSS and NET four ball ("better ball") stroke play. Entry fees are \$10/player for the President's & Columbus Cups, \$0 for the Club Championship and its handicap flights, and varying more significant fees for the Member/Guest and Member/Member tournaments as they include more significant awards and also have meals included as part of their events. Players do not have to rack for these tournaments as reserved times are assigned to each player or team.

IMPORTANT:

Members must watch for announcements at the clubhouse for other tournament information. In addition, a player must submit his score card for all tournaments properly signed, dated, and attested. He must also post his score on the posted sheets (usually on the porch bulletin boards). Failure to do so will disqualify a player or team.
